Creating data backups has long been a bane but crucial chore of maintaining business operations. Thankfully cloud services are changing that, but are they really as reliable as they are made out to be in the face of a recent surge in security breaches?

Business reporter [Jon Walsh](#) spoke with [Jackson Stroud](#), CEO of [CanadaCloud](#), to discover what's happening with corporate clouds in the region and learn some of the company's strategies to grow the sector and better secure data.

What's the biggest news in Canada's cloud space?

Under Jackson's stewardship, CanadaCloud's rise to the top has captured not only hearts and minds, but also hundreds of hours of advertising and media time.
