## We're passionate about real food

**Business Grow** is Japan's leading English-language urban farming consultancy specializing in providing [urban farming](#), [sustainability](#) and [survival skills](#) training, consulting, and resources. As a leading innovator in Japan's urban farming sector, director **Jon Walsh** is ideally positioned to help people of all ages learn food production skills that can support personal, community, and environmental health. To date, Jon has taught 2,000+ people – [including 1,500+ students](#) – about urban farming and [how to grow healthy food](#), installed [80+ gardens around Tokyo](#) including at the Grand Hyatt Tokyo ([report](#)) and [schools](#), made multiple [food donations](#), and created unique [training programs](#) that can transform virtually anyone anywhere into skilled urban food producers. Partner with us and dive into the [fresh, fun and fulfilling world of real urban food!](#)

## Why work with us

### EXPERIENCE

13 years working with people all over Tokyo, Japan, and worldwide.  
[View presentation](#)

### SCOPE

We can and have worked with businesses, [hotels](#), [embassies](#), [universities](#), [schools](#), [clubs](#), families and individuals

### RESULTS

Our key focus is to **get results**: people advised and trained, gardens built, and food grown

### Urban Farming Training

Business Grow provides on-site urban farming [workshops](#), [beginners](#), [advanced](#), and [school programs](#) in Tokyo, and [online lessons](#) worldwide. Over 25 lessons can be taught ranging from how to grow vegetables from seeds & seedlings, hydroponics, and eco-friendly ways to start seeds, to balcony gardening, vertical farming, and how to build [rooftop gardens](#).

### Garden Installations

[On-site gardens](#) are a fantastic way to get up close and personal with fresh food, learn where it comes from, how to grow it, and – very importantly – [how to share it](#).

- [School farm project](#)
- [Tokyo gardens portfolio](#)
- [Rooftop garden strategy](#)
- [Fence gardens](#)
- [Food Havens CSR strategy](#)
- [Food donations](#).

### Urban Farming Resources

Business Grow can provide a comprehensive range of urban farming resources to teach, enlighten and inform – including our [Urban Farming SuperPack](#), [Urban Farming Reports Pack](#), How to Grow Healthy Food in the City urban farming guide ([sample pages](#)), [Feeding the Future](#) report, and much more.
