# Self-Sufficiency Premier Pack

OW TO SUF

## Introduction

The Covid-19 pandemic coupled with the rapidly worsening <u>threats of climate change</u> have not only <u>severely impacted entire industries</u>, <u>put millions out</u> <u>of work</u>, hammered incomes and savings, and <u>negatively impacted food supplies and food</u> <u>production itself</u>, they also pushed people everywhere to re-evaluate what is truly important.

The result? <u>Demand for seeds</u> and interest in urban farming skyrocketed. Having your own food supply is a key component of a smart self-sufficiency strategy. So is knowing how to get items and services you need for no charge, and, if necessary, survive a natural disaster.

The **Self-Sufficiency Premier Pack** makes acquiring key skills – that could save lives – easier & faster than ever. Get ahead. *Order yours today!*
